URBANSCAPE
SELF-WATERING PLANTERS

How It Works:

UPTOWN PLANTER

34"DIA x 34"H

28"DIA x 30"H

24"DIA x 24"H

A true classic. Contemporary to traditional the Uptown has the versatility to look comfortable and enhance any setting. Crafted in North America from UV protected thick gauge polyethylene, the Uptown is resistant to all weather related cracking and fading even in the harshest of environments. It features drain free winterization, and thanks to our leading self watering technology there is never a risk of over or under watering. A perfect balance of design, durability, and functionality.

AVAILABLE COLORS

COSMOPOLITAN

30"L x 30"W x 36"H

Sleek and elegant, the Cosmopolitan is perfectly tapered for balance and display. It is a perfect choice to add a contemporary feel to any urban space. Crafted in North America from UV protected thick gauge polyethylene, the Cosmopolitan is resistant to all weather related cracking and fading even in the harshest of environments. It features drain free winterization, and thanks to our leading self watering technology there is never a risk of over or under watering. A perfect balance of design, durability, and functionality.

AVAILABLE COLORS

METROPOLITAN

36"L x 36"W x 31"H

Clean lines give the Metropolitan a fresh modern appearance which is sure to brighten any urban area. Crafted in North America from UV protected thick gauge polyethylene, the Metropolitan is resistant to all weather related cracking and fading even in the harshest of environments. It features drain-free winterization, and thanks to our leading self watering technology there is never a risk of over or under watering. A perfect balance of design, durability, and functionality.

AVAILABLE COLORS

HANA PLANTER

24"L x 24"W x 24"H

Sometimes good things come in small packages. Although smaller in stature these contemporary bowl style planters are big on style and designed to make the most out of any limited space area. Crafted in North America from UV protected thick gauge polyethylene, the Silhouette low bowl is resistant to all weather related cracking and fading even in the harshest of environments. It features drain free winterization, and thanks to our leading self watering technology there is never a risk of over or under watering. A perfect balance of design, durability, and functionality.

AVAILABLE COLORS

BREEZE PLANTER

20"DIA x 10"H

Hanging planters have always been a challenge for urban areas. Exposed to all of the elements, hanging planters dry out quickly and demand a lot of care. We have the solution! The Breeze Hanging planter is equipped with a high capacity water reservoir allowing this hanging planter to go up to one week without requiring water, even during the hottest of summer days. Plant food can be added directly to the water reservoir providing a continuous supply of nutrients resulting in impressive blooms.

AVAILABLE COLORS

CAMBRIDGE HANGING PLANTER

20"L x 20"W x 11"H

The Cambridge hanging planter is ideal for hanging from street light posts. It is constructed from weather-resistant commercial grade material that will not crack or fade even in the harshest of environments. It comes equipped with a water reservoir that will provide one week in between watering and heavy duty rust proof stainless steel hardware and chains. Add some color to your streetscape.

AVAILABLE COLORS

MANHATTAN PLANTER

36"L x 36"W x 30"H

Contemporary meets traditional.

The Manhattan is a versatile planter that features perfectly placed lines and smooth curves that come together to add an elegant touch to any urban setting. Crafted in North America from UV protected thick gauge polyethylene, the Manhattan is resistant to all weather related cracking and fading even in the harshest of environments. It features drain free winterization, and thanks to our leading self watering technology there is never a risk of over or under watering. A perfect balance of design, durability, and functionality.

AVAILABLE COLORS

WELLINGTON CUBE PLANTER

24"L x 24"W x 24"H

Create a stylish statement. The popular, clean finished, Wellington Cube is a perfect choice for any commercial application including patios, store fronts, sidewalks, or lining bicycle & pedestrian lanes. Crafted in North America from UV protected thick gauge polyethylene, the Wellington Cube is resistant to all weather related cracking and fading even in the harshest of environments. It features drain free winterization, and thanks to our leading self watering technology there is never a risk of over or under watering. A perfect balance of design, durability, and functionality.

AVAILABLE COLORS

URBANSCAPE

WARRANTY

Urbanscape Self-Watering Planters stands by the quality of our commercial self-watering planters. Each planter holds a ten (10) year warranty from the time of receiving the product. We warrant the initial purchaser of our products that they are of quality material, workmanship, and against any reasonable weather related cracking or fading.

Urbanscape Self-Watering Planters, at their sole discretion will repair, exchange, or provide credit of the original purchase price of any item proving to be defective. Mishandling, misuse, abuse, failure to follow directions for use, unauthorized modifications, neglect, or accidents voids the ten year warranty.

Please note that **Urbanscape Self-Watering Planters** will not be liable for labour, shipping, delivery, or any other costs associated with a claim.
